

Cardano Use Cases Project: Concept

Interoperability between Cardano and other Blockchains

MILESTONE 3 - COMPLIANCE REPORT

1. INTRODUCTION

The third milestone of the project corresponds to the month of June to July with deliverables approved and the plan was adjusted according to the new lines by Catalyst Project organization. The Evidence of Milestone Compliance must be delivered preferably within the first three (3) calendar days of the month of July).

2.- OBJECTIVES AND SCOPE OF THE PROJECT

The dissemination and socialization of decentralized technologies through the promotion of research, dissemination, the creation of articles and digital scientific journal will generate greater trust and increase the usability of decentralized technologies.

3.- ELEMENTS DEFINITELY APPROVED BY CATALYST

Below are the items finally approved by Catalyst for the third milestone:

Milestone 3 (July 2024)

Milestone results: Training of Researchers and presentation of the Digital Scientific Journal in the research program

Acceptance criteria: Complete documentation for review and observations, which are:

1. Online course for researchers and referees
2. Digital refereed scientific journal;
 - 2.1- Front End
 - 2.2- Connection with wallet
 - 2.3- Researchers registry
 - 2.4- Advanced search

Evidence of milestone achievement:

1. Functional platform for online courses and researcher registration
Scientific journal "Interoperabilidad".
2. Platform operation video and report
